Employee Shift Sign in Declaration

PRIE Winery may ask employees who report feeling ill at work, or who call in sick, questions about their symptoms to determine if they have or may have COVID-19. These symptoms include, without limitation, fever, chills, cough, shortness of breath, difficulty breathing, body shaking, muscle aches/pain, headache, sore throat, new loss of taste, new loss of smell, diarrhea, and runny/stuffy nose. Employees exhibiting symptoms will not be permitted to report to work, or, if the symptoms are discovered or reported while the employee is at work, the employee will be required to leave the workplace. See Employee Privacy Notice for more information.

Please sign in at the beginning of your shift.
